

HAZMAT 2019 – Invitation to Exhibitors and Sponsors

15 & 16 May 2019, Crowne Plaza, Stratford-upon-Avon

About the Event

The annual Hazmat conference is *the* “premier event for Hazmat professionals” to share experiences and gain knowledge.

Now in its 12th year, Hazmat 2019 is your opportunity to network with Hazmat specialists and share experiences and knowledge with other like-minded professionals working in the hazmat and chemical incident industry. The conference draws on the knowledge and experience of a range of hazmat professionals and industry leaders, as well as that of NCEC’s own emergency responders and chemical experts.

Each year the Hazmat conference grows bigger and better and 2019 is set to be no exception! Utilising delegate feedback gathered at the previous event, Hazmat 2019 will again incorporate interactive syndicate exercises and workshops on a cross-section of subjects as part of this two-day conference. Exhibitors have the opportunity to join specific workshops and syndicate exercises to increase networking opportunities and delegate awareness.

Feedback from delegates and exhibitors has also helped to determine the topics for presentations for 2019 and we will be encouraging speakers to include practical elements where applicable and encourage group interaction. We will be again growing our multi-agency attendance with relevant presentations and workshops. We will also again be facilitating networking via a ‘connections board’.

Why should I exhibit?

The annual flagship event attracts a range of professionals from all sectors of the chemical incident and hazmat industry. Delegates often range from the fire services, police forces, chemical industry and previously have included bodies such as the Environment Agency, Public Health England and the Department for Transport. The conference is an excellent opportunity to introduce the latest products and services to the key opinion leaders, early adopters and senior decision-makers within the chemical incident community and emergency services, raising your company’s profile amongst key customer groups. Being a very focussed event, exhibitors benefit from exclusive interaction with an often senior and targeted audience.

Our delegates have said that they want to find out about the latest training, products and services available and hear from a wide variety of speakers, both UK based and international. Of particular relevance is equipment for Hazmat testing, gas monitoring, decontamination, pollution control, spill control, training providers, PPE and IT solutions for the access and management of Hazmat information.

For 2019 we will be situating the exhibition stands in a single room at the heart of the venue with the refreshment stations and Communications Board to ensure that you have good access to delegates. The buffet lunch on both days will be served in the exhibition area. Exhibitors also have the opportunity to be a conference sponsor of Workshop sessions, the pre-conference barbeque or our conference dinner/speaker.

Don’t miss this opportunity to generate quality new leads and achieve maximum coverage of your target audience!

Hazmat 2019 is organised by NCEC and is supported by media partner’s Fire Times and MDM Publishing.

Under the terms of the Data Protection Act 2018, respondents should be aware that your information will be stored on our secure systems and may be shared with other attendees and exhibitors after the event and they may contact you to offer products and/or services. NCEC may contact you after the event to request feedback about the event, but your details will not be used by NCEC for marketing unless you are already opted-in or request to opt-in to receive communications about our products and services. You have the right to withdraw your consent to the use of your data at any time by email to ncec@ricardo.com. The National Chemical Emergency Centre (NCEC) is a trading name of Ricardo-AEA Ltd; registered address: Shoreham Technical Centre, Old Shoreham Rd, Shoreham by Sea, West Sussex, BN43 5FG (registered in England and Wales, number 8229264).
